Used With Up.

WILKESBARRE, Pa., Dec. 29.—A warrant was issued this morning for the arrest of Miss Breader, a school teacher at Nanticoke. It is alleged by Patrick Shea that his son died from injuries received at her hands during school hours. The teacher has been confined to bed ever since the boy died. Her physician forbids the serving of the warrant until she is better.

Celebrating Gladstone's Seventy-fifth Birthday.

LONDON, Dec. 29.—To-day is Gladstone's seventy-fifth birthday, and the occasion is being celebrated with great festivities at Hawarden. Birthday greetings reach the great leader from all parts of the Empire. The Prince of Wales sent cordial congratulations. Many liberal take advantage of the day to present the "grand old man" with addresses expressive of continued confidence and profound admiration. The newspapers, without distinction of party, devote leading articles to an eulogy on the great statesman.

Fire.

PITTSBURGH, Dec. 29.—A Canton, Ohio, special says: "Between 12 and 1 o'clock this morning fire broke out in the annealing room of the Malleable Iron works and before the department could respond the entire east end of the works was in flames. The fire burned fiercely and the six streams thrown on it were almost useless. Within an hour the entire works were in a blaze and great fears were entertained about the safety of the Diebold Safe and Lock works and the Peerless Resper works which adjoined, but the fire was controlled without spreading any further. The building and machinery were valued at \$167,000 and will be almost a total loss. Insurance, \$100,000. The Iron works were owned by Eibel, Gilliam & Co., formerly of Pittsburgh, Pa.

PERISHED IN THE FLAMES.

SEATTLE, Mo., Dec. 29.—News has been received here that the house of Hon. W. H. Norris, Ozark county, burned Friday last and Norris perished in the flames. His family had all escaped from the house when Norris ventured in to save an old family relic but was out off by the flames and fell unconscious by smoke and was burned before the eyes of his wife and children. He had represented Ozark county four terms in the state legislature and was a highly respected and very popular man.

A Murderous Chinaman.

NEW YORK, Dec. 29.—Three Chinamen, said to be from New York, assaulted Hong Chung, a laundryman, in Newark last week and robbed him. They cut him with hatchets, carved him with knives, and, believing him to be dead, strung him up to a rafter and left him

hanging. His landlord found him and promptly saved his life. From the description given by him the police got on the track of the leader of the murderous gang and made him a prisoner last night. He is a desperate ruffian and the detectives believe they have caught in him the perpetrator of one of the most savage murders ever committed in this city. The victim was a laundryman.

The circumstances of the murder were similar to those attending the outrage on the Newark Chinaman. From the Newark store the desperadoes made off with \$600. The captured Chinaman, on being taken to the police headquarters, was recognized as Tom Sing, a Chinaman of very unenviable reputation. He served as officers' steward on the Jeannette Arctic expedition and in the same capacity with the Greely relief expedition a year ago. The Chinese laundryman was found dead with seventeen knife wounds in his back. The murderers were never found, but the police claim to have proofs that Tom Sing is the man.

Capital Crimes.

The president has approved the act detaching Grundy county, Tennessee, from the southern division district of East Tennessee and attaching it to the middle district of the state.

General Hazen, chief signal officer, has submitted to the secretary of war the charges against Assistant Adjutant General McKee for having made derogatory remarks concerning the management of the recent Arctic expedition. The charges relate entirely to General McKee's alleged comments on the course taken by Lieutenant Greely and no reference is made in them to what General McKee is alleged to have said of the chief of the signal office.

The secretary of war has recommended to the chief signal officer the charges preferred by him against Sergeant Otto Holtzworth, of the signal service, of conduct unbecoming an officer and a gentleman in having tampered with the private mail of Lieutenant Greely, with instructions to detail a court martial for his trial.

## GROVER REPLIES.

The Civil Service Reform League Opens  
a Correspondence with the  
President-Elect.

And Mr. Cleveland Responds Giving His  
Purposes as to the Enforcement  
of the Law.

Cleveland on the Civil Service.

NEW YORK, Dec. 27.—The following correspondence explains itself:

NATIONAL CIVIL SERVICE REFORM  
LEAGUE, Office 4 Pine St.,  
New York, Dec. 20, 1884.

To the Hon. Grover Cleveland:

Sir: We have the honor to address you on behalf of the National Civil Service league, an association composed of citizens of all parties, whose sole purpose is indicated by its name and which takes no part whatever in party controversies.

The vast increase in the number of persons engaged in the civil service and the grave dangers arising from a general proscription in this service which for a half century has followed a change of party control of the national administration, have produced so profound an impression upon the public mind that the first effective steps toward reform, were taken with the co-operation of both parties in the passage of the reform act of January 16, 1883. The abuses which that act seeks to correct, however, are so strongly entrenched in the traditions and usages of both parties that there is naturally a wide-spread anxiety lest a party change of the national executive, effected by the late election, should show them to be separable. But, believing as we do, that the reform system cannot be held or securely established until it has safely passed the ordeal of such party changes and recalling with satisfaction and confidence your public expressions favorable to reform and your official acts as chief executive of the state of New York, we confidently commend this cause to your patriotic care in the exercise of the great power with which the American people have intrusted you. Respectfully yours,

GEORGE W. CURTIS,

President.

W. S. POTTER,

Secretary.

Executive Committee.

President-elect Cleveland's reply is as follows:

ALBANY, Dec. 28, 1884.  
Hon. George William Curtis, President, etc.:  
Dear Sir: Your communication of the 20th inst., addressed to me on behalf of the National Civil Service Reform League, has been received. That practical reform in the civil service is demanded is abundantly established by the fact that the statute referred to in your communication to secure such a result has been passed in congress with the assent of both political parties, and by the further fact that the sentiment is generally prevalent among patriotic people calling for a fair and honest enforcement of the law which has been thus enacted. I regard myself pledged to this because my conception of the true democratic faith and public duty require that this and all other statutes should be kept in good faith and without evasion enforced, and because in many utterances made prior to my election as president approved by the party to which I have no disposition to disclaim, I have in office promised the people that this should be done.

I am not unmindful of the fact to which you refer, that many of our citizens fear that the recent party change in the national executive may demonstrate that the abuses which have grown in the civil service are ineradicable. I know they are deeply rooted and that a special system has been supposed to have been intimately related to success in the maintenance of party organization and I am not sure that all those who profess to be the friends of this reform, will stand firmly among its advocates when they find it obstructing their way to patronage and place. But fully appreciating the trust committed to my charge, no such consideration shall cause a relaxation on my part of earnest effort to enforce this law.

There is a class of government positions which are not within the letter of the civil service statute but which are so disconnected with the policy of an administration that the removal thereof of the present incumbents in my opinion should not be made during the terms for which they were appointed solely on partisan grounds and for the purpose of putting in their places those who are in political accord with the appointing power. But many now holding such positions have forfeited all just claim to retention because they have used their places for party purposes in disregard of their duty to the people, and because instead of being decent public servants, they have proved themselves offensive partisans and unscrupulous manipulators of local party management.

The lessons of the past should be unlearned and such officials as well as their

superiors should be taught that efficiency, fitness and devotion to public duty are the conditions of their continuance in public place, and that the quiet and unobtrusive exercise of individual political rights is a reasonable means for their party service.

If I were addressing none but party friends I should deem it entirely proper to remind them that though the coming administration is to be democratic a due regard for the people's interest does not permit faithful party work to be always rewarded by appointment to office and to say to them that while democrats may expect all proper consideration in elections for office not embraced within the civil service rules, will be based upon sufficient inquiry as to fitness, instituted by those charged with that duty, rather than upon persistent importunity or self-solicited recommendation on behalf of the candidates for appointment.

Yours very truly,  
GROVER CLEVELAND.

MAD ANTHONY'S GUN.

Workmen Unearth a Field Piece Used by the Founder of Fort Wayne.

While a number of men were digging a ditch at the headquarters of the St. Marys river, near the town of St. Marys, a few days ago, they dug up a six-pound brass cannon. It is three feet nine and one half inches long, and differs from the modern model in that the breech is very thick and massive and tapers to near the muzzle, which in turn is large and bell-shaped, bearing a strong resemblance to an old-fashioned blunderbuss. This ancient "civilian" undoubtedly belonged to the army under General Harmer, when he passed from Fort Wayne via St. Marys, then quite a settlement, to Piqua, in 1794; or to the army of General "Mad" Anthony Wayne, when he gave the Indians such a drubbing at Fort Recovery in 1794, and perhaps this relic and silent witness of some ten decades there performed its last execution.

PRETTY KATE CASTLETON.

The Sweet Actress at the Bottom of the Spectacles-De Young Controversy at San Francisco.

There is something sweet about the name of Kate, and to a number of Fort Wayne people it is only necessary to say Kate Castleton is referred to. The actress is a favorite here and her song, "For Goodness Sake Don't Say I Told You," has made her famous. Not content with sending suitors to prison and almost causing a Fort Wayne youth of wealth to suicide, the pretty woman bobs up as the heroine of the Spectacles-De Young tragedy at San Francisco. A friend of the pretty Miss Kate writes to a member of THE SENTINEL staff: "When Kate carried San Francisco by storm, Spectacles and De Young were both devoted to her, and the race for a time seemed to the public to be about even, although Spectacles really had the advantage. After the battle for the heart had progressed for some time, it is stated that Spectacles partially gave up the fight and then publicly declared on the street that it cost De Young \$1,000 worth of diamonds for the smiles of the charming Kate, which were bestowed upon him for nothing. This coming to the ears of De Young, he set to work to secure a number of love letters that Spectacles had written, and he sent word to the young sugar king that he proposed to publish them. At that time the Chronicle began its bitter war on the sugar monopoly and Spectacles, thinking the love letters would soon be published, shot at and attempted to kill De Young, in order to put an end to the entire war."

Death of Mrs. Ellen Forsythe Hann.

The demise of this most estimable lady was announced upon the street this morning, greatly to the surprise of her many friends, who although cognizant of her illness were not prepared to hear of its fatal culmination. Her death occurred at 5:50 this morning, surrounded by her family and several of her more intimate friends and relatives. The deceased was born in Fort Wayne, October 31, 1855, and was married on the 27th of November, 1876, by Rev. Colin C. Tate, rector of Trinity Episcopal church, to Mr. James T. Hann, junior member of the firm of Carnahan, Hann & Co. She leaves surviving her three children, all of whom are too young to adequately realize the great loss that has befallen them. The obsequies will occur on Wednesday, at 2 p. m., from the residence, No. 266 West Wayne street. Rev. D. W. Moffat of the First Presbyterian church, of which for the past year she has been an acceptable member, will officiate. Interment at Lindenwood. That a devoted wife, mother and christian has departed from among us, will be generally conceded by all who had the fortune to know her in life, and these will sincerely mourn her early death and cherish her fragrant memory in their heart of hearts.

A. D. Crestler, manager of the Kerr Mitten foundry, has purchased the Davenport farm, north of the city, and will convert the place into a fine stock farm.

It now transpires that thieves not only entered the cathedral Friday night, but broke into the St. Paul's, St. Mary's and St. Peter's Catholic churches. In each of the sanctuaries they broke open and robbed the poor boxes.

One of Liggett's livery teams ran away yesterday. A gentleman and two ladies were dumped out. The man was dragged some distance and lost a gold watch in the flight.

The sudden thaw did great damage about town. There is scarcely a business house roof in town that did not leak and in some instances great damage was done. It is said that \$5,000 cannot repair the damage to ceilings, walls and stock.

A change in the management of the Huntington Democrat is announced to-day. Col. I. E. McDonald has purchased the half interest held by Senator W. J. Hilliges and in turn disposed of one half interest to Mr. W. R. Emery of THE SENTINEL staff. Mr. Emery takes charge of the paper next Thursday.

Last Friday night sneak thieves broke into the sacristy of the cathedral and made an attempt to steal the costly sacred vessels. Their purpose was not gratified, so the rascals broke open the poor boxes at the entrance of the church and made off with a few pennies. The villains were new to the business and did their work in a bungling manner.

The Wabash Courier says: "The Courier is indebted to that whole souled Boniface, George J. E. Mayer, proprietor of the Mayer house, Fort Wayne, for courtesies shown. The Mayer house is one of the most popular hostels along the line of the Wabash railroad, and it is impossible to find a more genial and accommodating host than Mr. Mayer."

Three Little Boys Start Away from the Catholic Orphan Asylum to Come to Fort Wayne.  
Probably the readers of **THE SENTINEL** know that the Catholics of this diocese have an asylum for children near Lafayette. Each Christmas a collection is taken for the little ones and the following touching incident from the Lafayette Courier cannot fail to interest:  
"Three little boys, inmates of the orphan asylum, took it into their little noddles Saturday afternoon to go home and see their mother, a poor woman who resides at Fort Wayne. They ran away from the asylum just before the Wabash 4 o'clock passenger train was due. They proceeded to the junction, and when the train arrived boarded it and concealed themselves between the backs of two seats turned together. Father Grondling learned of their purpose and arrived at the junction in time to put an ignominious period to their flight. With the help of an officer they were removed from the train crying bitterly, and taken back to the asylum in a buggy.  
For scrofula, syphilitic disorders, thin and watery blood, sluggish liver (indicated by poor digestion), weak kidneys, (indicated by urinary sediments), diseased mucous membrane, (indicated by both nasal and urinary catarrh, inflamed eyelids, etc.), use Dr. Guy's Yellow Dock and Sarsaparilla. It gradually rebuilds a broken-down constitution and restores robust health and strength to every part. No other remedy equals it.

**BROWN'S IRON BITTERS**  
THE BEST TONIC.

Physicians and druggists recommend it.

This medicine, combining iron with pure vegetable tonics, is a complete remedy for all cases of weakness, indigestion, nervousness, impure blood, malaria, chlorosis, anemia, and neurasthenia.

It is an infallible remedy for diseases of the kidneys and liver.

It is invaluable for diseases peculiar to women, and all who lead sedentary lives. It does not irritate the stomach, cause headache, or produce constipation—other iron medicines do. It enriches and purifies the blood, stimulates the appetite, aids the assimilation of food, cures heartburn and belching, and strengthens the muscles and nerves.

For intermittent fever, lassitude, lack of energy, etc., it has no equal.

The genuine has above trade mark and crossed red lines on wrapper. Take no other.
